

Accommodations in Sonoma 2010

October is the most popular month to be in Sonoma. The golden vineyards, golden hills and mountains, gardens in bloom, and harvest moon to name a few reasons why. Make your reservations early. You want to be near the town of Sonoma. The county of Sonoma is huge.

You can shuttle from the San Francisco Airport to Sonoma, but you'll need a car once in Sonoma. You can drive from the Sacramento Airport and avoid San Francisco traffic. You will need to get to our painting studio in Sonoma each morning, then to our painting locations and you'll want to have some fun on your own. The painting studio is near the plaza in the town of Sonoma.
